Car owners beware!

Wheel thieves on the prowl

Thefts of expensive alloy wheels reported from Rajarajeshwarinagar; With tyres stolen, vehicles rest on stones

Mysuru, Oct. 27 (RK&KS)- With most modern cars these days being offered with lightweight alloy wheels to complement and elevate the looks of the cars, these expensive and attractive alloy wheels and also branded tyres that hold them are the latest targets for thieves in the city.

Cases of alloy wheel and tyre thefts have seen a steep rise recently with multiple cases being reported especially where the cars are parked outside homes and in open spaces. In fact, most of the vehicles owned by people here are parked outside homes as there is no space inside the house compound. These vehicles become sitting ducks for thieves.

The latest two incidents have been reported from Rajarajeshwarinagar on Sunday night during heavy rains. Thieves have stolen eight wheels of a Toyota Glanza and a Maruti Baleno, both five-seater hatchback cars which were parked by the side of the road.

While the Toyota Glanza belongs to N. Nagesh, a resident of No. 1160, near Bhavani Bhandar, the Maruti Baleno is owned by S.N. Nagesh, the first victim's neighbour. As the houses lacked space, both had parked their vehicles on the roadside in front of their houses.

The theft came to light on Monday morning when both the car owners saw all the wheels of their cars stolen. The miscreants, after placing stones under the chassis of the two cars, have removed all the eight wheels. The car owners have lodged complaints with Saraswathipuram Police.

(See CAR OWNERS on page 6)

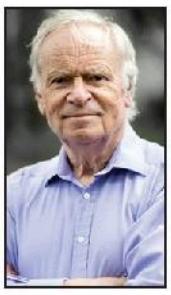
Now get registration number for your new vehicle online

Bengaluru, Oct. 27 (Agencies)- In the wake of amendments to rules of the Motor Vehicles Act, 1988, the Transport Department has said that there is no need for physical inspection of new vehicles for a first-time registration.

In a press release, the Department has said that a system has been brought in to register fully built vehicles purchased through authorised dealers without taking new vehicles to the RTOs and being inspected by the Vehicle Inspectors.

The release states that dealers can file an online application on Vahan-4 portal and pay applicable fee and taxes to the RTOs. After receiving applications online, officials will give approval and the registration number gets allotted online itself.

Jeffrey Archer to feature in Mysuru Lit Fest today



Mysuru, Oct. 27- The master story-teller from London, Lord Jeffrey Archer, will feature in the 5th edition of Mysuru Literature Festival (virtual) today from 7 pm to 8.15 pm, organised under the aegis of Mysuru Literary Forum Charitable Trust and Mysuru Book Clubs-2015.

Entrepreneur and author Aroon Raman will be the moderator for the session on 'Not a page more, not a page less.'

Live Telecast on *YouTube* and *Facebook* handle: Mysuru Literature Festival.

Scouting app launched for farmers

Mysuru, Oct. 27 - In a move to benefit farmers, xarvio Digital Farming Solutions by BASF has launched its scouting smartphone app. Using instant photo recognition, algorithm and data sharing technology, the xarvio Scouting app enables growers and agronomists to identify weed and disease threats in their fields.

Crop scouting is time-consuming and requires detailed knowledge. The xarvio Scouting app supports farmers in India to efficiently identify weed as well as disease threats in their fields and calculate leaf damage using just a photo taken with a smartphone.

Furthermore, a community-based radar functionality shows farmers which threats are in the surrounding of their fields. Armed with this information, farmers can more accurately diagnose issues and select the appropriate treatments.

As more and more farmers use xarvio Scouting and submit images of their crops, weeds and pests, the app's accuracy will further improve and we can enhance the scope of identification.

Farmers who download and install the scouting app on their smartphone will be able to use the digital product in English, Kannada, Hindi, Marathi, Tamil, Telugu and Malayalam. They further will benefit from the app's expanded selection of key regional crops such as rice, cotton, maize, soybean and specialty crops.

xarvio Scouting is part of a suite of digital products provided by xarvio Digital Farming Solutions, which is part of BASF's Agricultural Solutions Division. The app can be downloaded for free via the Google Play or Apple app store. Further information available at *www.xarvio.com*

EDITOR'S BOTTOMLINE

The medical profession has a worldwide history of treating homosexuality as an illness, which in turn has played a significant role in the stigmatisation of non-heterosexual identities. Recent decades have thankfully begun to see a better-informed consensus emerge, thanks to both activisms and attention to scientific evidence. But in India, as the Madras High Court said last month, queerphobia continues to be rampant in medical education. Now the National Medical Commission has done right to issue an advisory to all Medical Universities and Colleges to stop teaching in ways that are "derogatory/discriminatory/insulting to LGBTQIA+ community". Curricula that describe lesbians as "mental degenerates" or transvestism as a "sexual perversion" go hand in hand with "conversion therapy" and other medical practices that still try to alter various sexual orientations instead of recognising them as a normal variant of human sexuality. The NMC advisory will not change things overnight. Strong institutional follow-through will need monitoring, nudging and more. Consider how the degrading "two-finger" or virginity test to ascertain rape has continued to be taught in forensic syllabi long after being banned by the Supreme Court. But change must happen. Indian medical institutions must unlearn their queerphobia.

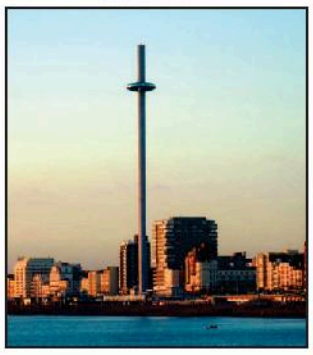
The thinnest observation tower



Brighton: The English seaside city of Brighton is home to the world's thinnest observation tower, a structure only 3.9 meters in diameter, with a height-to-width ratio of over 40:1.

Conceived and designed by Marks Barfield Architects, the same firm behind the famous London Eye Wheel, the i360 coastal observation tower in Brighton, UK looks like a giant needle pointing at the sky. It's not the only observational tower in the world, but it is the thinnest one ever made. It has a diameter of only 3.9 meters, or 12.8 feet, at its widest point, and stands 162 meters tall. Although it is often described simply as a vertical cable car because of the technology it uses to drive a tourist-filled pod up and down, the i360 is actually an engineering marvel.

New technique makes wood tough as steel

Baltimore: According to a recently published scientific paper, a team of researchers has developed a wood processing technique that makes the material 23 times harder, making it possible to create sharp wooden knives and nails.

Material scientists at the University of Maryland have reportedly developed a type of hardened wood that can be used as a sustainable alternative to materials like steel and ceramics.

To demonstrate the toughness of their chemically-treated wood, the team created a knife that is allegedly nearly three times sharper than a stainless-steel dinner table knife, as well as a wooden nail that can be hammered through wood without sustaining any damage and that isn't affected by rust.

KSOU invites articles on

'Dr. B.R. Ambedkar and Social Justice'

Mysuru, Oct. 27- As part of Constitution Day (to be celebrated on Nov.26), the Dr.B.R. Ambedkar Studies and Research Centre of KSOU (Karnataka State Open University) has proposed to bring out a book containing various articles on the topic 'Dr. B.R. Ambedkar and Social Justice', for which it has invited articles from writers, research students, scholars, officials, civil servants and other members of the public.

The articles should focus on subjects such as Constitutional Guarantees for oppressed sections of society (SC/ST, OBC, Religious Minorities, working class, women and farmers), Politics, Economic and Social Justice, academic empowerment, the working of the Constitution, Democracy, New Projects and Laws of Central and State Governments.

Articles should be e-mailed to: ***drbrambedkarbookksou2021@gmail.com*** **by Nov.10.** For more details, log on to: *www.ksoumysuru.ac.in* or call Mob: 99721-65817.

REALLY...?

- ***Chai is an ancient drink: Chai, a spiced tea drink, is thought to be a healing beverage, dating back to an ancient royal court over 5,000 years ago. It wasn't until the 1930s that it added black tea. Coffee was probably introduced to the Indian culture by the British.***
- ***Many different proponents go into making a delicious Indian dish. At Little India of Denver, people use the freshest ingredients and traditional recipes that have withstood the test of time. Make reservations at Little India of Denver to enjoy a 5-star Indian meal.***

VOICE OF THE READER

Woes of passengers travelling in night train

Sir,

A few days back, I was returning from Shivamogga after visiting Chowdeshwari temple in Sigandoor by night train. I did not get ticket in the sleeper coach and hence I was travelling in second class (2S).

Since it was a weekend holiday, the compartment was full of passengers and in fact even there were passengers in waiting list sitting and sleeping on the luggage carrier. This was causing a lot of discomfort and inconvenience to passengers sitting beneath them on their respective seats. Because of this they could not keep their luggage on the carrier.

Add to this dismay there were some passengers eating comestibles, drinking water and in the process sometimes spilling it on the passengers sitting beneath them.

To my surprise even the Ticket Collector did not bother to tell them to get down from the luggage carrier. I also witnessed seated passengers requesting the passengers on the carrier to get down but when they did not oblige there were heated arguments between the passengers.

Why people don't understand that luggage carrier is not meant for sitting or sleeping. It is meant for only carrying luggage of the passengers. Luggage charge is also included in the train fare.

Hence, I earnestly appeal to the Railway authorities to write in all the bogies **"Luggage Carrier is for Luggage only and sitting or sleeping on the carrier is strictly prohibited"** and penalise the offenders who violate the rule.

KPCC Chief D.K. Shivakumar's father-in-law no more

Mysuru, Oct. 27- R. Thimmaiah (Papanna), father-in-law of KPCC President D.K. Shivakumar and a resident of Ittigegud in Mysuru, passed away yesterday afternoon at a private hospital in Bengaluru following brief illness. He was 84.

Thimmaiah

He leaves behind his wife Lakshmi, son Sathyanarayan, daughters Anitha Shashikumar, Usha Shivakumar and Suma Ranganath, daughter-in-law, sons-in-law and a host of relatives and friends.

The body of Thimmaiah was brought to city at 10.30 last night and was kept at his house for people to pay their last respects till about 11.30 am today.

Last rites were performed in his farm land at the foot of Chamundi Hill this afternoon, according to family sources.

A large number of people including D.K. Shivakumar, former MLC D. Madegowda, Hunsur MLA H.P. Manjunath, District Congress President Dr. B.J. Vijaykumar, Karnataka Exhibition Authority Chairman Hemanth Kumar Gowda, Vikrant P. Devegowda of S.M. Krishna Abhimanigala Balaga and others paid their last respects to the departed soul.

New office-bearers of SKAL, Mysuru

Mysuru, Oct. 27- The meeting of SKAL International, Mysuru Chapter, was held at a private hotel in city recently.

B.S. Prashanth of Safe Wheels Tours and Travels, was elected as President while Mysuru Travels Association President C.A. Jayakumar as Vice-President, Mysuru Tourist Guides Association President S.J. Ashok as Secretary, Sabu Varghese of Coorg Cliffs Resort as Treasurer and Samarth Vaidya, CEO of MVG Holidays, as Director. SKAL International India President Carl Vaz administered the oath of office to the new office-bearers.

Speaking on the occasion, Prashanth said it is the responsibility of everyone involved in the tourism industry to make Mysuru city more tourist-friendly. Noting that the involvement of SKAL, an International Tourism organisation, will help in this regard, he appealed for the co-operation of everyone in making Mysuru a most favoured city.

SKAL International India Councillor Saravanan Palanivelu, Secretary Krishna Gopalan, Hotel Grand Mercure Managing Director Sunaina Manerkar, Industrialists Suresh Charles, Unni Krishnan, J.P. Urs, A.N. Aiyanna of Soukya Travels and others were present.

SKAL International India currently has 14 SKAL International Clubs located in Delhi, Mumbai, Chennai, Kolkata, Bengaluru, Hyderabad, Pune, Goa, Trivandrum, Cochin, Srinagar, Mumbai South, Coimbatore and Mysuru.

SKAL International Mysuru consists of hoteliers, airlines, travel and tour operators, Hotel Management Institutions and Government agencies from Mysuru and surrounding areas of Kodagu, Bandipur and Kabini.

Seer calls for unity in Hindu society

Kukke Subramanya Mutt Seer Sri Vidyaprasanna Teertha Swamiji being felicitated by Mysuru City and District Brahmins Association and devotees at Sri Krishna Dhama in T.K. Layout on Monday.

Mysuru, Oct. 27 (SPN&DM)- Maintaining that Hindus are facing a crisis in their own homeland (India), Kukke Subramanya Mutt Seer Sri Vidyaprasanna Teertha Swamiji has called upon all Hindus to unite for the cause of Hindu society. He was speaking after being felicitated by Mysuru City and District Brahmins Association and devotees at Sri Krishna Dhama in T.K. Layout here on Monday.

Expressing concern over rising atrocities against Hindus in neighbouring Pakistan and Bangladesh, Sri Vidyaprasanna Teertha Swamiji said that Hindus are being targeted in our country's Kashmir too.

Stressing on the need for unity to safeguard the Hindu society from such attacks and atrocities, the Seer said that Sanskrit and Samskriti too are being targeted by anti-hindu elements.

Observing that anti-Hindu forces may have thought that destruction of Sanskrit-speaking Brahmins will destroy the entire Hindu heritage, traditions, practices and culture, he said that Brahmins are soft-natured and peace-loving community, which treats all other communities on equal terms.

Regretting the migration of talent from our country, the Seer opined that the tendency of Brahmin community youths to migrate to other countries in search of jobs is a setback for the country's progress.

Bemoaning the increasing number of marriage collapse in Hindu community, the Seer contended that this may also be one of the reason for the declining growth of majority Hindu population in the country.

Calling upon the youths not to fall prey to western influence, he said that they should learn Vedas, Upanishat from their childhood days itself.

MUDA Chairman H.V. Rajeev, Hoysala Karnataka Sangha President K.R. Sathyanarayan, Mysuru City and District Brahmins Association President D.T. Prakash, community leaders Raghuram Vajpayee, Parthasarathy, Rakesh Bhat, Kadakola Jagadish, Gopalrao, Vikram Iyengar, N.M. Naveen Kumar and others were present.

Ram Mandir: Granite slabs sent to Ayodhya from Karnataka

Bengaluru, Oct. 27 (UNI)- The Swami Vivekananda Jagriti Samiti has dispatched the first instalment of 10,000 granite slabs for the construction of Ram Mandir at Ayodhya in Uttar Pradesh.

The slabs were loaded in five lorries at Sadahalli in Devanahalli taluk and sent to Ayodhya and will reach its destination in eight days.

The slabs will be sent in a span of six months. The work on Ayodhya temple has been completed and will be thrown open to the public by 2023 end. However, the entire temple complex is expected to be ready by 2025.

More than 2 lakh bricks gifted by Ram bhakts and collected by the Vishwa Hindu Parishad (VHP) during the decades-long temple movement, will also be used for building the Mandir.

The temple premises also house temples dedicated to deities including Lord Ganesha, Shiva, Surya, Durga, Vishnu and Brahma.

Pejawar Seer Sri Vishwaprasanna Theertha Swamiji, Union Minister Shobha Karandlaje, and BJP National Organising Secretary B.L. Santhosh flagged off lorries yesterday.

State outlaws demolition of religious structures

Bengaluru, Oct. 27 (Agencies)- The Karnataka Religious Structures (Protection) Act, aimed at preventing the demolition of religious structures in public places, has come into effect following the assent of Governor Thaawarchand Gehlot. The law was recently passed by the Karnataka Assembly and has now been published in the Karnataka Gazette notification. The demolition of a temple in Nanjangud a couple of months ago had triggered public outrage following which the Karnataka Religious Structures (Protection) Bill was introduced hastily in the assembly. On Oct. 19, the Governor gave his nod.

The new law says, "Notwithstanding anything contained in any law for the time being in force or any judgement, decree or order of any court, tribunal or authority from the date of commencement of this Act, subject to the provisions of this Act, or the rules made there under the government shall protect the religious structures existing on the date of commencement of this Act, in such manner subject to such conditions as may be prescribed: Provided that no protection shall be done, if any case relating to their removal is pending in any court of law and in such other circumstances as may be prescribed."

The Act also bars construction of any religious structures in public places by the govt. or local authority without proper permission in the future. It further says that the district administration may allow religious activity in such protected structures, subject to custom, law, usage, and any other conditions as may be laid down by the State Government from time to time. The law gives protection to the State Govt. as well as its officers or employees with the provision that no legal proceeding should lie against them for anything which is done or intended to be done under this Act or rules made thereunder.

Houses sans water meter to be penalised

Mayor Sunanda Palanethra flanked by Deputy Mayor Anwar Baig and MCC Commissioner G. Lakshmikantha Reddy at the MCC Council meeting held at Nalwadi Krishnaraja Hall last evening. Picture right shows Corporator SBM Manju making a point at the meeting.

- MCC Council sets a deadline of March 2022
- 110 MLD water unaccounted for every day

Mysuru, Oct. 27 (SBD, MTY& BCT)- Water meter has been made mandatory to all houses following a decision taken by Urban Development Minister Byrathi Basavaraj in July this year during his visit to Mysuru and now the Mysuru City Corporation (MCC) has moved a step further by deciding that those houses that do not have water meter will be penalised from April 2022.

Hefty fines will be levied on those households who do not have meters. This decision was taken at the MCC Council meeting held at Nalwadi Krishnaraja Hall of the MCC last evening under the Chairmanship of Mayor Sunanda Palanethra. Deputy Mayor Anwar Baig was present. The meeting that began in the morning stretched till the evening with many unimportant discussions in the first session.

The Corporators brought the issue of water meters and said that many residents do not have the metering system but still are enjoying uninterrupted supply of water from the Vani Vilas Water Works (VVWW).

In July this year, Minister Byrathi Basavaraj directed officials to install water meters to every house to prevent pilferage and also launch special drives to regularise illegal connections.

Officers and Corporators noted that every day 270 MLD (million litres per day) water is supplied to the city areas and other localities but money is flowing into the MCC only for the water up to 160 MLD. Over 110 MLD water has no accounts due to pilferage, leakage and also lack of meters and faulty meters.

The Council noted that while many households have not bothered to install meters, others have not repaired the defunct ones. There have been instances of residents themselves disconnecting or damaging the meters to avoid paying water bills. All these factors are causing loss to the MCC and steps must be taken to levy the dues.

Hefty penalty

As such, the Council has stipulated that from next April, households that do not have water meters would have to pay a fine. The fine will range from 50 percent of the prescribed water charge for residential purposes while commercial establishments and other connections will have to pay 200 percent of the water bill as penalty.

The Council also decided to levy UGD fee from those who are using borewell water along with the water supplied by VVWW on the lines of Bruhat Bengaluru Mahanagara Palike and Bengaluru Water Supply and Sewerage Board.

Separate fee structure will be devised for all hotels and restaurants, lodges, bars and pubs, shopping malls, hostels, multiplexes and kalyana mantapas based on their area and the number of people congregated. The fees will be levied from Rs. 1,000 to Rs. 25,000 per month based on various slabs.

Rain woes discussed

The issue of heavy rains flooding houses, shops and housing complexes in many low-lying areas and areas alongside clogged storm water drains was raised in the Council where Corporators cutting across party lines urged the MCC to act and minimise the woes of the public.

Discussing the issue for over four hours, Corporators alleged that officers were sitting inside their plush chambers without entering the field while the people were put to a lot of inconvenience. People and animals are being swept away while hundreds of residents are spending sleepless nights as water enters their houses. Most of their time is spent on clearing the muddy water while MCC officers are sitting quietly at homes and offices, they alleged and sought transfer of such officers. MCC Commissioner G. Lakshmikantha Reddy said that relief works are underway on a day-to-day basis with each Ward being allotted eight to 10 staff. Additional machinery like earth movers and tractors have been provided, he added.

Rail Museum witnesses record footfall during Dasara-2021

Earns a revenue of Rs.13,16,222, the highest in 41-year history of Museum

Sanjeev Kishore** (extreme left), **General Manager, SWR, Hubballi, watching the working of a miniature steam locomotive during his recent visit to Rail Museum in Mysuru. Rahul Agarwal, Mysuru Divisional Railway Manager, is in the centre. Picture right shows visitors enjoying toy train ride at Rail Museum.

Mysuru, Oct. 27 - The Mysuru Rail Museum has earned the distinction of being one of the most-visited tourist places in Mysuru during Dasara festivities-2021 with a cumulative footfall of 28,733 in the period from Oct.7 to 24, generating a revenue of Rs.13,16,222, the highest so far in the 41-year history of the Rail Museum.

Despite the devastating effect of the COVID-19 pandemic badly impacting the tourism industry, nearly 1.15 lakh people have visited the Rail Museum since it was re-opened in March last year with a couple of disruptions in between.

Railways had extended the working hours of the Museum alongside illumination of the Museum matching the scale and grandeur of the lighting in the city.

The breathtaking view of the illuminated outdoor exhibits like vintage steam locomotives, Toy Train, passenger coaches, freight wagons and other Railway system equipment of a bygone era like cranes, signals, rails and others drew large crowds throughout this period.

During his recent visit to the Rail Museum, Sanjeev Kishore, General Manager (GM), South Western Railway (SWR), Hubballi, appreciated the aesthetics and high standard of cleanliness of the Museum premises. He wanted the Mysuru Divisional authorities to add more artefacts, progressively, that were rare and also important from the heritage perspective as it would help in attracting visitors even from overseas.

Restoring one of the steam locomotives to a fully functional order would allow visitors to know the principles of working steam locomotives, he observed.

An exclusive gallery for rail and wheel sets of different eras as Railways evolved in India and a boom-type lifting barrier in the toy train path would help in educating the people, he noted.

Similar value-added services can also be there so that the present architectural design and landscape will be ideal for transforming the Museum to world-class standards, the GM said.

Rahul Agarwal, Divisional Railway Manager, SWR, Mysuru, stated that the Division was exploring the possibility of roping in big corporate houses for comprehensive management of the Rail Museum under a mutually beneficial long-term business model which helps in value addition, ensuring sustainable development.

Elegant light poles to embellish K.R. Circle at a cost of Rs. 1 crore

Work on installing 10 heritage lamp posts with elephant heads on a 2-ft concrete platform underway

Mysuru, Oct. 27 (MK,DM,MTY& BCT)- Soon, take a stroll around K.R. Circle after 6.30 pm and you will find decorative light poles fixed with glowing LED lights elevating the overall ambiance of the Statue Circle.

The Tourism Department has embarked on a Rs. 1 crore project to make the Circle look beautiful with the installation of 10 heritage lamp posts with four elephant heads looking in four different directions. The cast iron poles are specially brought from Madhya Pradesh.

Each lamp post measures 24-ft in height and the poles will be erected on a 2-ft concrete platforms that are already built at the Circle. The project is expected to be completed within a month or so.

The light pole will have two bulbs — one of 150 Watt and the other of 100 Watt power. While one bulb will light up the road, the other will brighten the footpaths around the Circle.

Speaking to *Star of Mysore*, Harsha Shivalingappa from the project implementing agency KRIDL (Karnataka Rural Infrastructure Development Limited) said that the poles are being manufactured by a firm that specialises in it from Madhya Pradesh.

"These poles are customised to match the Heritage City character of Mysuru. Each pole will cost about Rs. 5.5 lakh and the overall cost per pole will be Rs. 10 lakh including civil works, electrification, bulbs, GST, transportation, road cutting and also UGD works," he explained.

A model of the ornate lamp post.

Even a city like Bengaluru does not have such ornate lamp poles and once installed they will make K.R. Circle unique, reminiscent of the times of Mysore Maharajas, he noted. "This is the reason why a specialised firm has been engaged for this task. We have inspected the poles, tested the quality and then given a green signal," Harsha added.

Although a couple of other lamp posts of different designs were installed earlier, they were removed as they were not found to be much attractive or have corroded over time. But these aesthetic poles have durability and longevity to withstand the vagaries of nature, without getting rusted or damaged, he claimed.

Tourism hub

MLA L. Nagendra said that K.R. Circle is one of the most visited and attractive Circles in the heart of the city. "The Circle is an integral part of Dasara *Jumboo Savari* and the cast iron lamp posts with heritage character will lift the ambience of the area," he said.

Pointing out that D. Devaraj Urs Road and Sayyaji Rao Road are like M.G. Road and Brigade Road of Mysuru like in Bengaluru, he stressed on the importance of making the K.R. Circle more attractive and absorbing. "The installation of antique-look lamp posts is an effort to further promote Mysuru as a tourism hub," he added.

Car owners beware! Wheel thieves on the prowl

(Continued from page 1)

Meanwhile, Saraswathipuram Police have collected the footage of the CCTV camera installed at the nearby Bhavani Bhandar, which shows a car passing by at about 1.30 am. The Police, expressing doubts that the car in the CCTV footage may be involved in the crime, have taken up the investigation.

It may be recalled that on Sept. 10, 2020, miscreants had stolen the wheels of two goods vehicles that were parked outside a house close to Hebbal Police Station.

Those parking their cars outside their houses should install CCTV cameras pointed at the direction of their parked car or park vehicles close to the house and install wheel sensors which sets off the alarm buzzing in case anyone tries to remove them.

11th edition of Celebration Mysore Marathon in city on Nov. 14

P.V. Sunil, Race Director, Life is Calling Sports, flanked by Naveen** (extreme left), **Head, Mysuru Centre, ThoughtFocus Technologies and Yogatma Srihari, Mentor, GSS YOGA, seen launching the poster during the press meet at Pathrakartara Bhavan in city this morning.

Mysuru, Oct. 27- As part of Celebration Run Series, Life is Calling, a Sports Management Company, will be organising the 11th edition of Celebration Mysore Marathon on Nov. 14 (Sunday) from Balarama Gate of Mysore Palace.

The event to be flagged off at 4.45 am will host a 42-km Full Marathon, 30-km Run, 21-km Half Marathon, 10-km Run for participants who are aged 16 years and above and 5-km Run / Walk for participants aged 11 years and above.

Addressing a press meet at Pathrakartara Bhavan in city this morning, P.V. Sunil, Race Director, Life is Calling Sports, said that this year they were also hosting 10 Blind Runners and their Guides to Run the Marathon event. Full Marathon, 30-km Run, 21-km Half Marathon and 10-km Run are competitive categories with the participants expected from all over the country. The 5-km Celebration Fun Run / Walk is a non-competitive category to encourage participants from across Karnataka, he said.

To register for the event, interested may log on to: *www.eventzalley.com* or call Mob: 96606-22006 or e-mail: *contact@lifeiscalling-sports.com*

People take to fishing as lake near Hunsur breaches

Hanagodu, Oct. 27 (Mahesh& BCT)- Along with Mysuru Taluk even Hunsur has been battling floods, lake breaches and disruption of normal life after incessant rains since a fortnight.

Even as the local administration is trying to clear the clogged drains, amusing as it may sound, many people were seen catching fish from breached lakes. The Santhekere Lake around 10 to 12 kms from Hunsur breached yesterday due to extreme pressure on the Lake bund.

The vast Lake is home for thousands of fish and releasing fishlings; fish harvest is a regular process here. As soon as the news of the lake breach spread, villagers rushed downstream with fishing nets and other fish-catching tools to net some of the catch.

While one team had spread out the nets just after the Lake next to a bridge (a slope at the lake's exit), another team was waiting under the bridge to catch those fish that had escaped the first trap. Hundreds of villagers had gathered near the Lake and the fish-catching spree went on till late last evening when the villagers returned home with their prized catch.

Unidentified bodies found

Mysuru, Oct. 27 (MK&KS)- Saraswathipuram Police have found a decomposed body of a man in the bushes near Upparige Basappa Temple at Bogadi in city.

The deceased is aged between 35 and 40 years and is said to have died about three to four days ago. Saraswathipuram Police, who have registered a case, have shifted the body to JSS Hospital mortuary. The kith and kin of the deceased, if any, may contact Saraswathipuram Police on Ph: 0821-2418123/323 or Police Control Room on Ph: 0821-2418339.

In another case, Mysuru South Police, on Oct. 25, have found a body of an unidentified man aged between 35 and 40 years in front of a hotel near Mysore Airport in Mandakalli. The deceased was found wearing a faded blue coloured full arm shirt and khaki colour shorts. The kith and kin of the deceased, if any, may contact Mysuru South Police on Ph: 0821-2444955 or Police Control Room on Ph: 0821-2444800.

KRS Dam almost full to brim

A view of KRS Dam in Srirangapatna taluk last evening. [Pic. by M.N. Lakshminarayana Yadav]

Mysuru, Oct. 27 (KS)- The Krishnaraja Sagar (KRS) Dam in Srirangapatna taluk is almost full following constant inflow of more than 15,000 cusecs of water to the Dam since a couple of days.

Today at 12 noon, the water level at the reservoir stood at 124.14 ft. as against the maximum level of 124.80 ft, with just 0.66 ft. remaining for the reservoir to be filled to the brim. The inflow recorded at 12 noon today was 12,152 cusecs and 3,653 cusecs of water is being released to the river and canals.

The Cauvery Neeravari Nigam Limited (CNNL) authorities, anticipating that the dam would reach its Full Reservoir Level (FRL) any moment, had issued Flood Alert warning yesterday itself asking the people living on the banks of River Cauvery to move to safer places as water from the Dam would be released to the River.

Elderly man goes missing

Siddaraju

Mysuru, Oct. 27 (KS)- A 62-year-old man, who left his house on Sept. 16 at about 11.30 am, saying that he was going for a shop has since gone missing.

The missing man is Siddaraju. He is 5.4 ft. tall, wheatish complexioned, normal built, oval faced, speaks Kannada and was wearing a white shirt and white dhoti at the time of going missing.

Those having any information about the missing person may contact Jayalakshmipuram Police Station on Ph: 0821-2418316 or Police Control Room on Ph: 0821-2418339.

City Colleges host NALSA's Pan India Legal Awareness and Out Reach Programme

Mysuru, Oct. 27 (PM&DM)- Maintaining that Law itself is a religion, VI Additional Civil Judge of JMFC Court, Mysuru, Lakshmi Bai said it is important for the society to move forward by treading the path of this religion, meaning Law.

Lakshmi Bai

She was speaking as the chief guest at the Legal Awareness programme on the topic 'Atrocities on Women' organised jointly by Vidyavardhaka First Grade College, NSS Unit of University of Mysore (UoM) and District Legal Services Authority (DLSA), Mysuru, as part of NALSA's (National Legal Services Authority) Pan India Legal Awareness and Out Reach Programme, at Vidyavardhaka First Grade College on Sheshadri Iyer Road here yesterday.

Observing that our country is known for respecting women since ancient times, Judge Lakshmi Bai regretted that, however, in the current times, atrocities on women are increasing by the day, which is alarming.

Pointing out that it has been difficult to ascertain the exact or specific reasons for rising atrocities, she noted that it is important for the society to take immediate measures for preventing the attacks, assaults and atrocities against women.

Emphasising on the role of teachers in taking the society forward on the right path by putting an end to all atrocities and domestic conflicts, she said that this may be possible if only everyone imbibe a sense of feeling that every woman is their own family member.

Contending that though there are many Laws to protect women, Judge Lakshmi Bai opined it is also important that women should learn the art of self-defence.

Senior Advocate N.S. Basappa was the resource person.

College Principal Prof. B.M. Manjula, Academic Director Dr. S. Marigowda, faculty N. Mohan Kumar, Dr. B.T. Raghu, NSS Programme Officer T. Satish and others were present.

At SBRR Mahajana FGC

"For the well-being of a family, society and in the making of a nation every citizen should have legal awareness along with strong moral sense," opined Senior Civil Judge, K. Vidya.

K. Vidya

She was speaking at a programme organised by NSS,UoM, Mysuru, NSS units of SBRR Mahajana First Grade College, Mysuru, in association with Mysore District Legal Service Authority, as part of Amrit Mahotsav@75 under the banner NALSA Pan India Awareness and Out Reach Programme.

Speaking on the topic 'Free Legal Aid and Lok Adalat,' Judge Vidya said that free legal aid is available for citizens in various instances pertaining to atrocities on women, natural calamities and called upon the citizens to avail the facility without any fear or hesitation. Further, the speaker added that youth should have humane values, strong morale, and an awareness of the rich cultural past of the nation.

Through an anecdote, Vidya pointed out that aged parents are driven to Old Age Homes uncared and neglected by their children and said it is the moral responsibility of the youth to take care of their aged parents.

Presiding over the programme, Principal Dr. B.R. Jayakumari said today man is lost in the rat race of competition, increasingly becoming selfish, self-centred and losing values like compassion, caring etc. As a result, relationships are destroyed and there is an increase in the crime rate in the society. Therefore, youth should develop strong morals and ethics, she added.

NSS Programme Officer, Dr. G. Doddarasaih welcomed. Siddaraju proposed a vote of thanks. Student S.L. Manogna rendered the invocation. Rajik Rasheed was the Master of Ceremony. The programme was attended by NSS volunteers, students and staff.

DC chairs preparatory meeting on Kannada Rajyotsava

Mysuru, Oct. 27 (MK&DM)- With the all important Kannada Rajyotsava (Nov. 1) just a week away, Deputy Commissioner Dr. Bagadi Gautham chaired a preparatory meeting at his office here on Monday.

Addressing the meeting, he said that the Rajyotsava will be celebrated in a purposeful manner.

He said that District Minister S.T. Somashekar will offer prayers to Bhuvaneshwari Devi in Mysore Palace premises at 8.30 am on Nov. 1 following which he will take part in the celebrations to place in front of Kote Anjaneyaswamy Temple at the North Gate of the Palace.

The DC directed the officials to make all necessary arrangements for ensuring that the celebrations take place as per Government Standard Operating Procedures (SOPs).

Zilla Panchayat (ZP) Chief Executive Officer (CEO) A.M. Yogesh, Additional Deputy Commissioner (ADC) Dr. B.S. Manjunathaswamy, Mysuru Urban Development Authority (MUDA) Commissioner Dr. D.B. Natesh, Mysuru City Corporation (MCC) Zonal Commissioner M.K. Savitha, Kannada and Culture Assistant Director H. Channappa, Information and Public Relations Assistant Director R. Raju, Karnataka Government Employees Association District President Govindaraju and other officials were present.

Graduate Constituency MLC poll

Additional Officers appointed for preparation of electoral rolls

Mysuru, Oct. 27- With Mysuru City receiving a large number of applications for registration for Legislative Council Poll from South Graduates Constituency, the Mysuru Regional Commissioner, who is also the Electoral Officer for the Council seat, has designated additional officers at all the 9 MCC Zonal Offices covering the three Assembly segments of the city for overseeing the preparation of the electoral rolls. The officers appointed are as follows: **MCC Zone-1:** Y.N. Chandramma (Mob: 94493-38536), **Zone-2:** B. Basavannappa Kalashetty (97424-54353), **Zone-3:** H.D. Rajesh (94498-56613), **Zone-4:** Priyadarshini (97319-46699), **Zone-5:** K. Krishna (94489-00617), **Zone-6:** M. Karthik (81059-34489), **Zone-7:** M. Nanjundaiah (94480-08342), **Zone-8:** Shivakumar (99006-84767) and **Zone-9:** H. Nagaraj (98451-44869).

These officers have been designated as additional officers to ensure that the electoral roll for the Council seat from South Graduates Constituency is prepared in time, without any hiccups or lapses, according to a release.

MP Prasad accuses Siddharamaiah of troubling him in 2017 by-polls

Chamarajanagar BJP MP V. Sreenivasa Prasad addressing a press meet at a private hotel in city on Monday.

Mysuru, Oct. 27 (RKB&DM)- Contending that he felt deeply pained by the troubles that Siddharamaiah, as the then Chief Minister, gave him in the run up to the by-polls from Nanjangud Assembly segment in 2017, Chamarajanagar BJP MP V. Sreenivasa Prasad lashed out at Opposition Leader Siddharamaiah for his remarks in the ongoing campaign for Sindagi and Hangal Assembly by-polls.

Addressing a press meet at a private hotel here on Monday, Prasad said that he felt ashamed at the speeches being made by Siddharamaiah in poll campaign for Sindagi and Hangal by-polls.

Asserting that he has not yet forgotten how Congress workers distributed money in the presence of Police during the 2017 Nanjangud and Gundlupet by-poll, Prasad said that the Congress then had to borrow its candidate from the JD(S).

Reiterating that the 2017 by-polls was the bitter-most of all the 14 elections he had fought, the MP said that Siddharamaiah was making baseless comments on his opponents out of frustration.

Turning his tirade at JD(S), Prasad said that JD(S) is not a party, but a company, comprising members of H.D. Devegowda family. Questioning H.D. Kumaraswamy whether he had become the CM with his party standing in second place, let alone getting an absolute majority, the MP alleged that JD(S) Supremo H.D. Devegowda will always be busy in working for a hung Assembly, so that the JD(S) can step in to share power with whichever party it aligns.

BJP leaders C. Basavegowda, Shivakumar, Mamballi Nanjundaswamy, Bharath Ramaswamy and others were present at the press meet.

Ex-Serviceman killed in road accident

Nanjangud, Oct. 27 (KS)- An ex-serviceman was killed on the spot, when a speeding goods tempo rammed into the bike from behind on Mysuru Road near Devaraj Urs Bridge in the town.

The deceased has been identified as Raghavendra (45), a resident of Hebbal in Mysuru.

Raghavendra was on his way to Sri Srikanteshwaraswamy Temple, when the goods vehicle rammed into the bike he was riding from behind killing him on the spot. The goods vehicle driver is said to have fled from the spot leaving the vehicle behind.

Nanjangud Traffic Sub-Inspector Lohit and staff conducted mahazar besides registering a case.

MCC demolishes dilapidated building in Mandi Mohalla

Jayadeva Hospital compound wall collapses

The dilapidated building on Sawday Road in Mandi Mohalla that has been demolished by Mysuru City Corporation (MCC) authorities last night. Picture right shows the collapsed compound wall of Jayadeva Hospital on Kumbarakoppal side.

Mysuru, Oct. 27 (MK,RK&KS)- A dilapidated building, which was in ruins on Sawday Road in Mandi Mohalla, has been demolished by Mysuru City Corporation (MCC) authorities last night.

The building, which was dilapidated, was on the verge of collapsing due to constant heavy rains that has been lashing across city since a few days and the MCC authorities, as a precautionary step, demolished the building with the help of CESC, Police officials and with the co-operation from the residents.

Former Mayor Tasneem, who spoke, said that the building located on the roadside was in a very dilapidated condition and following heavy rains, a portion of the building had collapsed. Hence as a precautionary step, MCC Engineers and other officials inspected the building, informed the building owner and demolished the building, she added.

MCC Zone-7 Development Officer Rajivnath said that steps were taken to prevent any untoward incidents from taking place during the demolition of the building. Roads were barricaded to prevent people from getting close to the dilapidated building while it was being demolished and the debris have been using two tipper vehicles, he said and added that local residents extended their co-operation during the demolition drive.

Jayadeva Hospital compound collapses

Following heavy rains that lashed across the city on Monday night, the compound wall of Jayadeva Hospital (KRS Road) on Kumbarakoppal side has collapsed.

About 20 ft. compound of the Hospital, opposite Adishakti Temple had collapsed and the Hospital authorities who came to known about it yesterday morning, visited the spot and informed Public Works Department (PWD) officials asking them to prepare an estimate of the cost for removing the old compound and constructing a new one in its place.

Hospital authorities said that the PWD officials have been urged to take temporary steps to prevent people and cattle from entering the Hospital premises through the collapsed portion till the works are taken up.

R.C. Layout in Vijayanagar Fourth Stage flooded

Encroachments, Raja Kaluve blockages result in water-logging and misery

Mysuru, Oct. 27 (RK&BCT)- Rain water that was limited to flooding of low-lying areas and around clogged storm water drains till now has started entering many layouts, thanks to the encroachments and constructions that are blocking the age-old Raja Kaluves. For example, the Vijayanagar Fourth Stage R.C. Layout that is one of the expensive layouts around Mysuru city.

Heavy rain that lashed on Monday night resulted in mass flooding where water entered into houses and the residents had to spend sleepless nights clearing the water. The main reason for the flooding is the blockages in Raja Kaluves. Before the layout was formed, rain water smoothly flowed into the lakes nearby.

After the layout was formed, indiscriminate and unscientific construction ignored the Raja Kaluves and as such, the natural drain system was disrupted. Many houses and sheds have been built on the Raja Kaluves and several other natural drains have closed with wild growth. Sky-rocketing land prices, greedy real estate lobbies and unscrupulous builders have contributed to the misery in connivance with local administrative bodies.

These blockages resulted in widespread flooding with houses in low-lying areas bearing the brunt. People could not move out of their houses from yesterday morning till around 1.30 pm due to flooding. As the layout was flooded and there were no signs of water receding, Bogadi Town Panchayat Chief Officer D.N. Vijayakumar and team visited R.C. Layout along with Health Inspector Punith and cleared some of the blockages with earth-movers and enabled smooth flow of water to the storm water drains.

DC promises action

Mysuru, Oct. 27 (RK&BCT)- Reacting to the horror unleashed by the breach of Mariyappanakere (Bogadi Lake) that led to water spilling onto the Ring Road and many other areas yesterday, Deputy Commissioner (DC) Dr. Bagadi Gautham has assured that all the lake encroachments and Raja Kaluve encroachments will be cleared for the smooth passage of water.

The Lake has not been rejuvenated and as such, silt has accumulated decreasing its capacity to store water. "Also, it has come to my notice that in many places Raja Kaluves have been encroached upon or buildings have come up on them, blocking the natural drainage system. I will seek a report on the encroachments on Bogadi Lake and also on the constructions atop the Raja Kaluves. All the encroachments will be cleared after consultation with the District Minister and the elected representatives," he assured.

WORD OF THE DAY

Gossamer

Pronunciation: GAH-suh-mer.
Meaning: Gossamer means "extremely light, delicate, or tenuous."
Origin: In the days of Middle English, a period of mild weather in late autumn or early winter was sometimes called a gossomer, literally "goose summer." People may have chosen that name for a late-season warm spell because October and November were the months when people felt that geese were at their best for eating. Gossomer was also used in Middle English as a word for filmy cobwebs floating through the air in calm, clear weather, apparently because somebody thought the webs looked like the down of a goose. This sense eventually inspired the adjective gossamer, which means "light, delicate, or tenuous"—just like cobwebs or goose down.
Example: "The dragonfly is our state insect.... As a beautiful predator with gossamer wings..., this insect deserves far more appreciation." — Barbara Hunt, The Mat-Su Valley (Alaska) Frontiersman, 2 Aug. 2021.

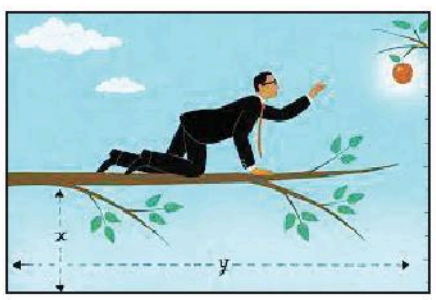
THE ODD WORD

Galactophagist

Milk drinker.

PHRASE OF THE DAY

Go out on a limb



Meaning: You use the expression 'Go out on a Limb' to indicate that you are supporting someone or something despite putting yourself at a potential disadvantage.
Origin: The term 'go out on a limb' originates from the practice of climbing trees, which people have been doing since the beginning of time. The expression was first used in a figurative sense in America during the late 19th century. An early example from an October, 1895 issue of the Steubenville Daily Herald reads: "We can carry the legislature like hanging out a washing. The heft of the fight will be in Hamilton county. If we get the 14 votes of Hamilton, we've got 'em out on a limb. All we've got to do then is shake it or saw it off."
Example: "I'm going to go out on a limb and approve his request for additional research funding."

QUOTE BOX

When the earth shall claim your limbs, then shall you truly dance.

—Khalil Gibran

Sudoku is a number-placing puzzle based on a 9x9 grid with several given numbers. The object is to place the numbers 1 to 9 in the empty squares so that each row, each column and each 3x3 box contains the same number only once. The difficulty level of the Concept is Sudoku increases from Monday to Sunday.

CRYPTOQUIP

The Cryptoquip is a substitution cipher in which one letter stands for another. If you think that X equals O, it will equal O throughout the puzzle. Single letters, short words and words using an apostrophe give you clues to locating vowels. Solution is by trial and error.

CRICKET TALK

By V.N. Prasad

Loss to Pak - Not the end of the world

At the outset, congratulations to Pak on their victory. In all Departments, they excelled. Brilliant bowling, well-disguised 'Slower Ones' and with consistency, excellent fielding, all high catches taken and stupendous batting. Both the openers, Babar and Rizwan, batted beautifully.

Let us admit sportingly. Neither Rohit nor KLR are to be blamed for getting out early. Both deliveries by Afridi were brutal. Be it Gully Cricket or Test, early dismissals of openers dents the following ones a great deal and the boys were done in. But, hats off to the brilliant knock of Virat. He stroked majestically on his way to his 50. Well, Pant is known for his pyrotechnics. But for his breezy knock we would have been worse. Others threw away wickets than believing in themselves. It is not that recoveries after early wickets have not taken place at all in world cricket. Resoluteness of 3, 4 and 5 factor a lot. There was hollowness.

Our bowlers paled. Except for two deliveries of Bumrah, there were no Yorkers. Pitch Map showed only 7 percent of balls in good length areas. Pulls and 'Short Arm Jabs' by both batsmen off short pitch deliveries built confidence in both. As a matter of necessity, Bumrah should have opened. Bhuvi was all over. We know Shami is indeed a mystery bowler and it was not his day. Varun and Jadeja were found wanting.

It is not even that a different combination would have done better. It was only that Afridi tore us apart, extremely well-supported by all other bowlers. And, it was not our day.

It all boils down to how we proceed in the contest. If we can make it to the play off, we are capable of turning the tides in our favour. Best to our boys.

And ultimately, all that we need is to watch good cricket. And we watched the best from Pak.

MRC postpones today's races

Mysuru, Oct. 27- Due to persistent overnight rains and inclement weather rendering the underfoot conditions of the Race Track not conducive for racing, the Stewards of Mysore Race Club (MRC) Limited have postponed the Second Day of Mysore Winter Races 2021-22, scheduled to be held today (Oct. 27), to a future date, which will be announced in due course.

The same card shall hold good, according to a press release from MRC Secretary and CEO.
